Russia Reported Holding Student

Washington, Oct. 6 (AP)—One of two United States students missing after an August trip to the Soviet Union has been reported under detention for taking photographs.

State Department press officer Francis Tully said today the report came from an American tourist who said he saw Mark Kaminsky at Uzhgorod near the Czechoslovak border on August 25.

The tourist said Kaminsky told him he had been detained for taking photographs.

Kaminsky, 23, of Cas county, Mich., and Harvey C. Bennett, 26, Bath, Maine, entered the Soviet Union by automobile July 27 and were scheduled to have returned August 25.

The report of Kaminsky being seen was given to the Soviet Foreign Ministry of Foreign Affairs September 29.
